Account services required:

- Dynamic account**
The Dynamic account allows any supported source address to be specified. This account has reduced overall coverage but with increased flexibility.
- Prime account**
The Prime account requires that you pre-register source addresses that you wish to use prior to using those addresses in messages that you send. This account has increased coverage but with decreased source address flexibility.
Please email all required alphanumeric source addresses for Prime account to sales@smscarrier.com.
- IPsec VPN (optional extra)
